F R É A

Fréa is a partnership of three long-established Irish charities in the North of England.

Our charities are:

**Irish Community Care Manchester**

**Irish Community Care based in Liverpool**

**Leeds Irish Health and Homes**

All are independent organisations rooted in a shared vision and values.

**Registered charity number: 1197939**

F R É A

The work of the three Fréa partner charities focuses on improving the health and well-being of vulnerable Irish community members of all ages across the North of England through providing lifeline services, including:

- Helping to prevent homelessness in the Irish community
- Keeping older people warm and connected to reduce isolation through our luncheon clubs and activity groups
- Improving mental health through community support and connections e.g. Irish Community Care Manchester's allotment project to reduce social isolation
- Directing Irish women and their children fleeing domestic abuse to a safe place
- Keeping the lights on for Irish families during the cost-of-living crisis
- Supporting former residents of Mother & Baby and County Homes who left Ireland and came to Britain
- Provide a respectful burial and resting place for people who have no next of kin

*Fréa is from the Irish word 'fréamh' meaning 'root' and reflects how as charities we are anchored and strengthened by our shared heritage, which, through careful cultivation and ambitious growth, enables us to flourish.*
